Climbing Wall

Our state of the art wall was built by Eldorado Wall Co. and made possible by an ALPINE BANK donation.

The wall can accommodate seven climbers on top rope routes, two climbers on auto-belay devices, and 5 Lead routes.

The wall is open for public use on a daily basis for belay and lead certified climbers who have paid the appropriate fees and have the appropriate personal gear.

The wall is staffed during the week during Facilitated Climbing. These sessions are when belay and lead certification are available and when all of the equipment is provided for the user. Please see facilitated climbing hours on reverse side.

Wall Regulations

- All wall users (including boulderers) must be certified by partaking in, and passing, a safety orientation and belay, auto belay and bouldering certification. This is available during one of our facilitated climbing sessions. All wall users must sign a waiver. This waiver and certification test is a legal document and must be completed for use of the climbing wall. Parent or guardians must sign a waiver for those under 17 years old.
- All wall users must check in at the front desk.
- Lead climbing requires lead certification. Lead climbing requires user to bring their own rope.
- Climbers 6 years and younger can climb only if belayed by their parent.
- Children under 10 must be accompanied and actively supervised by a certified climber 11 and older when using the climbing wall and cannot belay other climbers or independently use the auto belay devices.
- Climbers 11 years and up can be certified to belay and to attain the top rope and auto belay certification for climbing and belaying.
- Climbers aged 12+ can obtain lead certification by attending one of our lead classes and/or successfully passing the lead belay and climbing test.
- No food or drink allowed in the climbing wall area.
- Always stand clear of climbers' fall and swing zones. Please share routes and the auto belay devices with those waiting.
